January 2020 - July 2020

Road To Hire
Role: MERN Stack Intern/Tech Fellowship

- MongoDB/NoSQL
- Express.js
- React.js
- Node.js
- It was my first experience with learning code in a professional setting. The phenomenal teaching staff at Road To Hire taught me MERN Stack which consists of MongoDB, Express JS, React JS and Node JS. Beyond that, they taught Angular.js, MySQL, Postman, AJAX, Jquery, AXIOS, Redux, JSX,

SCRUM methodology and many other NPM packages. The Road To Hire program also doesn't just teach code, but professional development. They have a rigorous course that challenges you to be uncomfortable and be outside of your comfort zone. They push you to be better than you were yesterday. Road To Hire also provides you with mentors in both the technical and professional field from their own employees that are leading professionals in those categories, that alone is beyond measure in how invaluable it is to be working hands on with them. Between the code reviews, projects, deadlines, interviews and white-board interviews, Road To Hire gets you ready for what's to come next after graduating from their program.

July 2017 - January 2020
Big View Diner
Role: Server/Trainer
- ServSafe Certified
- Maintain a clean work area
- Make sure guests receive adequate customer service
- Up-selling guests
- Familiarize and memorize breakfast, lunch, dinner and dessert menus
- Accurately record drink orders, meal orders and meal modifications
- Train new staff
- Translate the menu to any Spanish speaking guests that don't understand the menu

August 2013 - September 2018
Danny's Handyman Services LLC
Role: Helper
- At Danny's Handyman Services LLC, I worked with my father (the owner) firsthand as his personal helper. I would assist with flooring, roofing, plumbing, HVAC and electrical work. Over the 5 years of working with him I learned what it was like to not have an education and work harder to provide basic everyday needs. Working with my dad was an eye-opening experience that taught me the value of education and how needed it is to not have to work a physically demanding job (if you choose that route of the many routes that are non-education based) for the rest of your life.

September 2015- June 2017
T-Mobile
Role: Keyholder/Assistant Manager
- Assist the store manager with open and closing duties
- Provide all customers with excellent customer service
- Educate and train new employees on goods and services as well as the monthly deals
- Help new and established employees meet quota for high sales and customer service standards
- Handle all Spanish speaking guests, translate as needed from Spanish to English and vice versa
